BRIEF ABSTRACT OF LETTER

States with reference to para 2 of Govt Progs dt° 3427-9/98-08-2 & 30.9.08 that the sewage farms are self-suppo. a net revenue of about Rs 75/- a month and recommend a allowance of Rs 15/- per month to the Sub-overseer charge of the farms

NOTES AND ORDERS

In their order dt° 3427-9/Mul 98-08-2 Govt, in sanctioning the estimate for working the sewage farms at Chamarajendrapet and Malleswaram, declined to sanct. a charge allowance of Rs 15/- recommended in favor of the Sub-Overseer in charge of the farms, on the ground

that as the working of the farms had been entrusted by the G.O. of 7-3-08 to the Sanitary Engineering Department, the supervision by an employee of that Department could not be considered as work outside his own branch of duty But it was however stated in the said G.O. that if the Chief Engineer considered it desirable to give the Sub-Overseer in charge of the farms an allowance to induce him to make the concerns self-supporting, the recommendation might be considered after finding out that the concern had actually proved a success The Chief Engineer now states that the farms are self supporting and yield a net revenue of about Rs 75/- a month as might be seen from the statement of receipts and expenditure submitted by the Sanitary Engineer to the end of May 1909 and recommends that a charge allowance of Rs 15/- may be sanctioned to the Sub-Overseer in charge of the farms.

Sir,

In compliance with your letter No 1109/Ml 98-08-4 of the 29th ultimo, I have the honor to forward the enclosed statement received from the Sanitary Engineer furnishing particulars of monthly income, expenditure &c, of the Sewage Farms at Chamarajendrapet and Malleswaram

2. Owing to cultivation being now carried on in a limited scale for want of sufficient sewage water, the Sanitary Engineer estimated the annual income from these farms at about Rs 750/- in 1908 It is however gratifying to note that the income during 1908-09 was Rs 1,919/-
